Called Out Conference is a gathering for middle and high school students to confront them with the truth of the Gospel and compel them to live radical lives for Christ. Called Out Conference equips students through teaching, worship, breakout sessions, and relationships. This year, our theme is Out of Dust. By looking at Genesis 1-3, students will learn why God created humanity, the purpose of humanity, and how Jesus is the hope for humanity. Our theme is best captured through the words – Pulse, Purpose, and Hope. God created out of dust. Because God created us out of the dust, he alone directs us on how we should live, what is pleasing to him, and how Jesus is the hope of the world. We believe students persevere in their faith by knowing God's word, living by God's word, and loving God the most.
